Privacy Policy

GreenTCNJ App for iOS and Android

This privacy policy governs your use of the software application GreenTCNJ for mobile devices that was created by Computer Science research students under the mentorship of Dr. Deborah Knox. This privacy policy was last updated on November 23, 2021. If we make any material changes to our policies, we will place a prominent notice on the application. If you have any questions or concerns about our privacy policies, feel free to contact us at any time at knoxstem1@tcnj.edu.

<u>What information does the GreenTCNJ application obtain and how is it used?</u>
The GreenTCNJ app collects your name and email address in order for you to log into the application as well as to sign up for events on campus. This information is shared with The Offices of Environmental Health and Safety and Sustainability and Energy Management at The College of New Jersey via an administrative portal, where they can see a list of users and event participants.

<u>How do we handle location data?</u>
The GreenTCNJ app does not use or collect any data related to your geographic location.

<u>Can users see their personal data?</u>
Users can see relevant information such as their name, email address, the events they have signed up for or participated in, and their interests settings. Users may update their settings.

<u>Do you share personal information?</u>
We do not share personal information with anyone other than The Offices of Environmental Health and Safety and Sustainability and Energy Management at The College of New Jersey for the purposes of informing community members of upcoming initiatives and events.

<u>Do you use vendors or analytics providers?</u>
No data is shared with any vendors or analytics providers.
